Englerth Gardens

4652 Division Ave., S.

Grand Rapids 8, Mich.

Welcome to Englerth Gardens

4652 Division Avenue, S.
Grand Rapids 8, Michigan

Greetings, Fellow Gardeners —

We are on the east side of the street at 4652 Division Ave., old US-131, three miles south of Grand Rapids city limits, which is the junction of US-16 bypass and Division Ave. Coming from the south, we are four blocks north from where the four-lane highway starts. If taking the new expressway, which is being completed to the west and parallel with our street, leave it at 54th or 44th, as we are between those two streets. Division Ave. is one-half mile east of the new US-131 expressway.

We can list only a very small part of our stocks, and you are invited to come in and browse around at any time. The Daylilies give their best show through July, but we have them in bloom from iris time until freezing weather. Other interesting displays through the season are the Iris, with bright splashes of Oriental Poppies; Phlox from late June into August, and the brilliance of the Mum fields from September on.

The Englerths

Please Read Before Ordering

POSTAGE: All orders for \$500 or over will be sent postpaid. With orders for less than that amount please include 50c for packing and mailing. No C.O.D. orders, please, as they add much to your cost and ours.

Michigan customers please include 3% sales tax.

We send freshly dug, blooming size plants, guaranteed to be true to name. If they do not arrive in good condition, do not return them, but give them the best possible treatment, and write us at once, indicating adjustment desired. Also, if there should be any error in labeling, let us know as soon as possible.

Daylilies

(*Hemerocallis*)

Abbreviations used are as follows:

E — Early; late May and early June in this locality.
EM — Early midseason; June into July.
M — Midseason, or July.
ML — Late midseason; July into August.
L — Late; August and September.
re — Has repeat bloom.
ext — Has extended bloom; stays open late.
fr — Is fragrant.
d — Dormant foliage habits.
ev — Evergreen foliage.

		PARFAIT. (Childs) 40" M-d. A different bicolor of lemon and Japan rose.	\$1.25

Daylilies - (*Hemerocallis*)

The Daylily is the most versatile of perennials, and can be used in all parts of your garden, for bloom all through the growing season. They can furnish shades of yellow, orange and brown with your Iris in late spring. They can be planted all through the perennial border to furnish shades of cream and gold, the sunshine colors, during the entire season. They can make bold splashes of orange, flame and shades of red against evergreens or shrubbery where you wish to make an accent point. Or you may have a garden of Daylilies by themselves, in all their lovely shades.

CULTURE: The Daylilies will grow in any good garden soil and are very drought resistant. However, they do appreciate plenty of moisture and nourishment. They will grow and bloom in partial shade, but should have sun for half a day, as too deep shade will cause weak stems and fewer blooms. They should be left undisturbed over a period of years, as they do not give their best performance until the second or third year. So they should be spaced from two to three feet apart to permit increase in size of clumps. Spread the roots out well when planting, and firm the soil down well. Well-rotted manure or compost with bone meal will be appreciated if incorporated in the soil while planting, and peat moss is also found to be beneficial.

Our prices are for blooming size plants. Daylilies will be shipped in the spring, or in late summer and fall.

Unlabeled Daylily Collection

If you are not interested in names, but do want Daylily color all through the season, we will send you a collection of 12 fine Daylilies, all different, our selection and unlabeled, postpaid, for \$3.00. If you wish, and so state, you may have these all in shades of cream and yellow for the perennial border — otherwise they will be in a wide range of colors and patterns.

BARGAIN SHELF

These are still fine lilies, but we do have to make room for newer varieties, and so — Make up your own collections from them.

50c each, any 10 for \$4.00, or 30 for \$10.00.

Choice Perennials

Shasta Daisies, Wirral Supreme

We grow many perennials that can be picked up at our garden, but will list here only a few of the nicer things that "travel well," for shipping. Shipped April, May, Sept. and Oct.

ASTER HARRINGTON'S PINK. 4 ft. Fine fall-blooming perennial; blooms a soft, clear pink. 50¢ each; 3 for \$1.25

DIANTHUS ROSE CUSHION. Close, compact mounds of fine, blue-green leaves, covered in spring with fragrant, bright pink blooms on 3-in. stems. A gem for rockery or wall. \$0.50 each; 3 for \$1.25

DIANTHUS TINY RUBIES. Very similar to Rose Cushion in growth, except that the leaves are a mite greener and a little more compact, and the bright pink blooms are double, like tiny carnations. \$0.75 each; 3 for \$2.00

ECHINOPS TAPLOW BLUE. This outstanding globe thistle makes wonderful specimen plants for the back of the summer perennial border. Deeper in color and larger globes than the ordinary echinops ritro. Nice plants for this summer bloom. \$0.60 each; 3 for \$1.60

HEUCHERA BRIZOIDES. This tall pink coral bell carries its dainty, airy-fairy blooms through most of the summer, starting in early June. Very attractive to humming birds. \$0.50 each; 3 for \$1.25

HOSTAS. These are all grand subjects for shady situations, and their bold foliage effects complement the narrower foliage of daylilies. We grow a number of varieties, but will list only four here —

CAERULEA. Very large, glossy green leaves, making wonderful specimen plants. Blooms on tall stalks, are very blue in color, and are lovely with pale yellow hemerocallis. \$0.75 each; 3 for \$2.00

GLAUCA. A handsome variety with smoothly-finished blue-gray. each \$1.00

LANCIFOLIA. Makes fast-growing clumps of narrow green leaves, and blooms freely in late summer, 18-in. stems with lilac-blue blooms.

\$0.50 each; 3 for \$1.25.

UNDULATA. Rosettes of wavy green leaves, splashed with cream-white. Sprays of lavender-blue flowers in midsummer. An excellent edging plant for shade.

\$0.50 each; 3 for \$1.25

SHASTA DAISY WIRRAL SUPREME. Large double daisies with crested centers on tall, sturdy stems.

\$0.75 each; 3 for \$2.00

SEDMUM MAXIMUM ATROPURPUREA. Upright growing to about 18 inches; foliage rich mahogany brown, flowers in sprays of a lighter shade. Grand for foliage color effect.

\$0.50 each; 3 for \$1.25

SEDMUM SPECTABILE. Makes nice clumps of handsome grey-green foliage; blooms light pink, in August.

\$0.50 each; 3 for \$1.25

SEDMUM SPECTABILE METEOR. Soft gray-green foliage, large heads of carmine-red blooms in late summer, 18 in. tall. each \$1.00

SEDMUM SPURIUM DRAGON'S BLOOD. A creeping sort with bright carmine-red flowers on bronzy-red foliage. \$0.50 each; 3 for \$1.25

VERONICA MINUET. 15". Silvery gray foliage, many spikes of dusty pink blooms. \$0.75 each; 3 for \$2.00

VERONICA INCANA. Silvery gray foliage, and deep blue spikes of bloom in early June. Height about 12 in., nice for rockery or edgings in sun. \$0.50 each; 3 for \$1.25
